NON-INTERFERENCE AGREEMENT FOR RADON TESTING

The following conditions must be adhered to, or the test results may be deemed invalid. The following conditions must be read, understood, followed, and signed for:

All exterior windows must be kept closed. All exterior and the basement to first floor doors must be kept closed except for normal, momentary entering and exiting.

The radon detector cannot be moved, covered, or altered in any way. Heating, air conditioning, dryers, range hoods, bathroom fans and attic ventilators can be operated normally. If any heating, air conditioning or ventilating equipment has a outdoor air supply that is manually controlled; it shall be turned off or the inlet closed. Fireplaces or wood stove shall not be operated, unless they are a primary heat source. Whole house fans shall not be operated. Window fans shall be removed or sealed shut.

These test conditions shall be maintained for 12 hours prior to the start of the radon test and during the 48 hour testing period.

If there are any questions, or the test conditions are not met, please contact Benchmark Labs at (614) 267-4588.
